BIOGRAPHY

I was born in Mendrisio in 2002 and am currently studying computer science. I have a strong interest in programming and enjoy solving complex problems. I am also a quick learner and have a good eye for detail.

RELEVANT SKILLS

- Languages
 - Italian (mother tongue)
 - English (B2)
 - German (B1)
- Programming Languages
 - Java
 - C
 - C#
 - JavaScript
 - Python

WORK EXPERIENCE

Tutoring

2020 - Present

I provide one-on-one or small group instruction to help students with their coursework and help them improve their grades. I also provide guidance on study skills and test-taking strategies.

Driver

2020 - 2021

I worked for Divoora as a driver. My job was to deliver food from restaurants to customers' homes. I use my own car to make the deliveries, and I am reimbursed for my mileage. I typically work shifts during the evening and weekends.

EDUCATION

Bachelor of Computer Science

Institution: University of Applied Sciences and Arts of Southern Switzerland

Period: 2021 - present

The course focuses on the fundamental branches of computer science, such as programming, software design, telematics, systems and network architectures

Trade School, Computer Science
